

INVITATION TO TENDER

PROJECT	SOWASDIP
Tasks	Tender for Rehabilitation of the Mareer-Gur BH WSS and related Civil Works, Dhusamareb - Galmudug State
Description	<p>Access to reliable and safe water is critical for the well-being, health, and economic development of communities in the Galgaduud Region of Galmudug State, Somalia. The Mareergur borehole, situated in Dhusamareeb District, is a pivotal water source serving thousands of residents and livestock. Despite its significance, this borehole faces numerous challenges, including aging infrastructure, inadequate capacity to meet growing demand, and the absence of sustainable energy solutions.</p> <p>The Mareergur borehole, constructed in 2018, has provided uninterrupted service for over six years but now requires urgent rehabilitation to restore its functionality and efficiency. Recognizing the critical role this borehole plays, the Ministry of Energy and Water Resources, in collaboration with ADRA, conducted a detailed needs assessment to identify specific rehabilitation requirements. The findings and recommendations of this assessment have informed this ITT seeking a contractor to undertake rehabilitation works.</p>

Technical Requirements and Evaluation.

The bids must satisfy the following conditions among the minimum criteria for evaluation by being accompanied by the following documentation:

1. Submit Certified and Valid Copy of
 - a. Business Registration Certificate/Trading License from the Galmudug Ministry of Commerce.
 - b. Contractor License/Certificate from the Galmudug Ministry of Public Works.
 - c. Tax Compliance Certificate from Galmudug Ministry of Finance.
(These legal documents (Tax and Registration) earn no points in the evaluation and the supplier who has not submitted these documents will not appear in the evaluation.)
2. Provide copies of contracts/work completion certificates as evidence and references from clients for previous similar construction of dams and water works assignments – (3 certified copies of contracts/LPOs delivered within last 3 years). *This criterion earns the bidder 15 points).*
3. General construction experience (3 certified copies of contracts/LPOs delivered within the last 3 years) (Experience in general construction works. Certified copies of construction contracts undertaken within the past 2 years). *(This criterion earns the bidder 15 points).*
4. Proof of financial capacity for similar magnitude of supply undertaken in the last year (12 months certified copies of bank statements that show similar magnitude of transactions you are bidding for and demonstrate a sound transactions track record with minimum inflows and balances in the range **of USD 25,000 – USD35,000 in deposits and credit. - This criterion earns the bidder 15 points. 15 for balances and deposits from \$25,000 - \$35,000. 10 points for balances between \$15,000 - \$25,000 and 5 for between \$5,000 - \$15,000, 0 for amounts below \$5,000.**
5. Technical Company Personnel (CVs of Project Manager and CV for Site Engineers). *(This criterion scores the bidder 10 points)*
6. **Project Work Plan for full completion. This criterion scores the bidder 5 points for a period of up to 10 weeks and 0 points for a period of more than 10 weeks.**
7. You must indicate validity period of the tender offer price.

The above criteria will be given a weight of 60% while financial bid will be weighted at 40%

Finance Criteria Requirement and Evaluation:

The financial proposal nearest to the costed/budgeted/QS/engineers BoQ will be awarded the maximum commercial criteria weighted score of 40%.

The reason for this criterion is that tenders that are too far below the engineers' BOQ estimate are likely to compromise on the quality expected, while those that are too far above the engineers' estimate (EE) would exceed the available budget for the works. The Financial Evaluation for the Desired Bid Price (DBP) will be based on the following Formula (from) which a percentage variance will be worked -

$$DBP = \frac{(\text{Engineer's Estimated} - \text{Bid Price})}{\text{Engineer's Estimated}} (\%)$$

Consequently, the financial scoring will be as follows:

- Bid price of more than 10% variance below engineer's estimate, - **0 points**

- Bid price of more than 10% at variance above engineer's estimate, - **0 points**
- Bid price between 0% and 5% **variance below** engineer's estimate, will score a base of **35 points** plus % **variance below** the EE (i.e. =**35% + additional % saving** to **total = 40 points**).
- Bid price of between 6% and 10% **variance below** engineer's estimate, will score a base of **30 points** plus % variance below the EE (i.e. =**30% + additional % saving** to **total = 35 points**).
- Bid price between 0% and 5% variance **above** engineer's estimate, will score a base of **35 points** minus % **variance above** the EE (i.e. =**35% - additional % over the EE** to **total = 35 points**).
- Bid price between 6% and 10% variance **above** engineer's estimate, will score a base of **30 points** minus % **variance above** the EE (i.e. =**30% - additional % over the EE** to **total = 30 points**).

All Capability and Commercial Criteria will be weighted accordingly to reflect their importance. The Commercial Criteria will account for at least 40%. The Capability Criteria will account for up to 60% of the score.

Further Information to bidders:

- Currency of offer should be strictly in US Dollars
- ADRA does not undertake to pay by letter of credit (LOC) or in advance of work completion.
- ADRA reserves the right to accept or reject any offer before the award of a contract, or to cancel the bidding process and reject all offers at any time and is not bound to give reasons for its decisions. Canvassing or giving false information will lead to automatic disqualification.
- Incomplete offers or offers which do not comply with any of our tender conditions will not be considered.
- Quotations should remain valid for a period of at least 180 calendar days after closure of the tender.
- It is the Agency's policy to keep all tender values in confidence.
